Legislative Services Office

Introduction

Welcome to the *Idaho Contact Guide*, a legislator's telephone directory to Idaho state government programs, services and people. This booklet was developed in response to comments received from legislators expressing a desire to have a resource available in answer to the question, **"Whom do I contact if I have a question about...?"**. The guidebook is divided into six sections for your convenience.

- I. *Idaho State Legislators*: Lists Senators and Representatives alphabetically. Information includes name, Senate/House affiliation, party affiliation, hometown, and home and work phone numbers.
 - II. *Key Legislative Staff*: Includes those persons assigned to work in listed policy areas. ***These individuals should be considered a first line of reference for any question you may have.***
 - III. *Key Agency Personnel*: Lists all state agencies and institutions alphabetically, and identifies agency personnel that can act as a resource regarding your questions or constituent concerns.
 - IV. *Congressional Contacts*: Provides Washington, D.C., and district office contact information for Idaho's two U.S. Senators and two U.S. Representatives, should you require information or assistance at the federal level.
 - V. *Key National Organization Staff*: Lists those organizations and individuals that provide state lawmakers and their staffs with expert, professional information on a variety of state and national policy issues.
 - VI. *Index*: Organized by topic to assist you in finding the right person to answer your questions.

The Legislative Services Office (LSO) is a nonpartisan, service-oriented organization dedicated to meeting the needs of Idaho's citizen legislators. LSO's four sections are Budget and Policy Analysis, Research and Legislation, Legislative Audits and Network Administration. LSO services for legislators include preparing legislation, conducting research, assisting with agency administrative rule oversight, developing financial information and analysis, conducting financial and compliance audits of state agencies, providing automation and information technology support services, and ensuring the ability of the Legislature to manage its own affairs and responsibilities as a separate branch of government.

The Supreme Court of Idaho is the State's court of last resort. The Court hears appeals from final decisions of the District Court, as well as from orders of the Public Utilities Commission and the Industrial Commission. It has original jurisdiction to hear claims against the State and to issue writs necessary to exercise its jurisdiction. The Court has the responsibility to manage and supervise the unified court system, and is also the trustee of the Idaho Judges Retirement Fund. The Chief Justice and four Associate Judges serve six-year terms after a nonpartisan at-large election. The Court is one of the few "circuit-riding" supreme courts in the country, and holds terms of court in Boise, Twin Falls, Idaho Falls, Lewiston, and Coeur d'Alene.
